

Santa Teresa Retirement Home - Spatial Analysis Output

Number of Levels: 3

Level 1

1. Vocabulary Extraction

- Entrance hall
- Multipurpose activity room
- Dining area
- Kitchen
- Storage room
- Restrooms
- Stairwell

2. Quantity Estimation

- Stairwell × approximately 1
- Restrooms × approximately 2
- Multipurpose activity room × 1
- Dining area × 1
- Kitchen × 1
- Storage room × 1

3. Spatial Relationship Descriptions

- The entrance hall connects directly to both the multipurpose room and dining area, facilitating smooth circulation.
- Kitchen and storage rooms are adjacent to the dining area for efficient food service.
- The stairwell is centrally located to support vertical circulation between all levels.

4. Overall Spatial Impression

The ground floor is planned to accommodate public and communal functions, with an emphasis on accessibility and operational flow for social and dining activities.

Level 2

1. Vocabulary Extraction

- Residential units
- Shared lounge
- Restrooms
- Stairwell

2. Quantity Estimation

- Residential units × approximately 6-8
- Shared lounge × 1
- Restrooms × approximately 2
- Stairwell × 1

3. Spatial Relationship Descriptions

- Residential units are aligned along a central corridor for clear access.
- A shared lounge is placed centrally to encourage resident interaction.
- The stairwell provides direct access to upper and lower floors.

4. Overall Spatial Impression

Level 2 is primarily residential, with social space incorporated to foster community life and facilitate passive surveillance.

Level 3

1. Vocabulary Extraction

- Residential units
- Shared lounge
- Restrooms
- Stairwell

2. Quantity Estimation

- Residential units × approximately 6-8
- Shared lounge × 1
- Restrooms × approximately 2
- Stairwell × 1

3. Spatial Relationship Descriptions

- Similar to Level 2, residential units are placed along a corridor with a shared lounge acting as a social hub.
- Circulation is straightforward, with a stairwell linking all levels vertically.

4. Overall Spatial Impression

The third level mirrors the residential strategy of the second, reinforcing consistency in layout and encouraging a familiar living environment for elderly residents.
